Our Weekday Early Education Program (WEE) was started in 1982. It provides a program of preschool classes for 3 through 5 year olds.

The purpose of the WEE School program is to provide opportunity for development of each child, spiritually, mentally, physically, emotionally, and socially. This is accomplished by creating learning and developmental experiences consistent with Christian principles. WEE will give your child introduction to shapes, colors, letters, and numbers, and various experiences with scissors, crayons, glue and paints. The daily activities provide opportunities for learning with other preschool age children.
